# TAKE A NEW CHALLENGE AND SEIZE THE OPPORTUNITY TO ENROLL IN:

## Genomics

**New first cycle international degree programme**  
Campus Bologna

*Genomics* is an international first-cycle degree programme taught in English, training biotechnology and life sciences graduates who are specifically qualified to apply maths, statistics and computing to the structural and functional analysis of genomes.

## Wellness culture: sport, health and tourism

**New second cycle international degree programme**  
Campus Rimini

*Wellness culture: sport, health and tourism* is an international second cycle degree programme taught in English that prepares professionals who are able to plan, promote and manage events and activities in the areas related to wellness culture and personal physical and mental well-being.

Pending approval for the Academic Year 2017/2018

# THE INTERNATIONALIZATION OF THE SCHOOL OF PHARMACY, BIOTECHNOLOGY AND SPORT SCIENCE IS BASED ON THE IDEA THAT THE EDUCATION IS LIKE A JOURNEY
